

Record Research

The Clerk of Court is the custodian of records for the County and District Courts of Jefferson County. Most court files are public record and may be viewed by anyone, however if you are not a party to the case the court is required to review all documents and remove protected information, such as social security numbers, from all documents. A fee is assessed for this. Access to some files is limited either by court order or by statute. Everyone requesting access to court records will be asked to show government issued picture identification.

You may come to the Clerk of Court's Office, Files and Records Research Department from 8:00 am to 4:30 pm, Monday through Friday. You may check out up to ten (10) files per day. If you are not a party to the cases and information must be removed or redacted, the files may not be available to you immediately. Coin operated copy machines are available for your convenience. Copies are \$.25 per page and a change machine is available. It is helpful if you bring quarters or \$1.00 bills.

You may request that court personnel search the records for all cases filed under a particular name. The fee for this service is \$5.00 per individual or business name. You must provide the name, date of birth and tell the court the types of cases you are interested in. The standard search will cover case filed in Jefferson County during the past 20 years and you will receive print-outs from the court's computer system for up to 5 cases.

documents. Please include a Xerox copy of your driver's license along with your request. The copy will be returned to you.
