## ***Judicial Performance Evaluation Juror Survey***

Juror # \_\_\_\_\_

### ***Why should I complete the Survey?***

Evaluations of Colorado Judges are conducted by local Judicial Performance Commissions. Surveys completed by jurors assist Commissions in their evaluations by providing:

1. Judges with performance feedback;
2. Voters with information for consideration in judicial retention elections.

To complete a survey, go to

### *How do I provide performance feedback about my Judge?*

The Office of Judicial Performance Evaluation invites you to provide feedback on your judge's performance by completing a Judicial Performance Survey online at [www.cojpe.org](http://www.cojpe.org).

Surveys ask questions addressing the judge's integrity, legal knowledge, communication skills, judicial temperament, and administration.

Comment sections allow for specific feedback on performance traits you observed.

Completed individual surveys are anonymous and confidential. All responses for a judge are compiled into a report and provided to the judge and commissioners. Any individual identifying information is redacted and comments are assigned a unique identifying number.
