PETITION FOR REVIEW

Dan Chapin (“Petitioner”) respectfully petitions this Court pursuant to C.R.S. 1-40-107(2) to review the actions of the Ballot Title Setting Board with respect to the setting of the title, ballot title, and submission clause for proposed Initiative 2015-2016 #24 which was submitted to appear on the November 2015 ballot. Mr Chapin is a registered elector of the State of Colorado.

I. ACTION OF THE BALLOT TITLE BOARD

The Ballot Title Setting Board (the “Board”) conducted a public meeting pursuant to C.R.S. § 1-40-106(1) on April 15, 2015, at which time it denied setting a title for Initiative 2015-2016 #24 on the

claim that it lacked a single subject. Petitioner, a registered elector of the State of Colorado, filed a Motion for Rehearing pursuant to C.R.S. 1-40-107(1) on April 22, 2015. The Motion for Rehearing was heard at a meeting of the Board on April 23, 2015. At the rehearing, the Board, by majority vote, again denied setting title claiming Initiative 2015-2016 #24 lacked a single subject. Petitioner hereby seeks review of the final action of the Board pursuant to C.R.S. 1-40-107(2) with regard to the issues set forth below.

II. ADVISORY LIST OF ISSUES PRESENTED

Whether the Board incorrectly determined that Initiative 2015-2016 #24 was not a single subject as required by article V, section 1(5.5) of the Colorado Constitution and C.R.S. 1-40-106.5 and prior judicial decisions. Petitioner declares the Board erred for the following reasons:

A. Citizen Initiatives must be liberally construed to protect the rights of the people to petition. The burden of proof lies with the Board. In the initial hearing the Board did not identify specific subjects but instead voiced “concerns” and “I think” which are not legal arguments but rather interpretations or analysis of the merits of the Initiative. In the rehearing, the subjects referred to by the Board were more related to a minute analysis of the Initiative rather than to the general subject of the Initiative. Furthermore, the subjects were stated in a way that it made apparent the Board had not read the Initiative as the portions referenced could not be applied in the stated manner. (Reference Secretary of State audio Archived Meetings and Hearings – “Title Board – April 23, 2015 – 3:00 p.m.” at between minutes 24:00 and 26:00 in the hearing).

B. The Initiative has a single purpose. The Board did not define any purpose that could be achieved by the Initiative other than the purpose stated by the proponents.

C. There are no incongruous items contained in the Initiative, all items have a necessary and proper connection to the general subject or purpose of the Initiative. The Board did not show or provide any incongruous objects that did not have a connection to the general subject of the Initiative.

D. The Board did not provide any instances or examples where the Initiative could surprise or promote fraud upon the voters.

E. The Board did not rely on judicial decisions in reaching their determination, as required by C.R.S. 1-40-106.5(3), that the Initiative did not constitute a single subject. The proponents supplied numerous judicial citations supporting their position and justification of single subject in the rehearing, however, the Board did not provide a single judicial citation or decision that could possibly explain why the Initiative could be considered as containing multiple subjects.

F. The Board did not act in a consistent and equitable manner in light of past decisions. The Board held this Initiative to a higher or different standard than previous decisions. Prior initiatives with more disparate and incongruous items were approved without question. Furthermore, initiatives that displayed many, and often more, of the issues the Board objected to in this Initiative were approved as single subject where this Initiative was not.

G. There is a possibility of conflict of interest. This Initiative removes or lessens many of the inherent advantages available to incumbent representatives and officials in our current election system. A Board that does not provide specifics, or reference legal decisions or precedent and depends more on “concerns”, what they “think”, or what “seems” is possibly allowing how an Initiative will effect them to influence their actions. When an individual or a Board allows the merits of an issue to influence their decisions they cannot impartially and liberally construe that issue in the interest of the people.

III. SUPPORTING DOCUMENTATION

As required by C.R.S. 1-40-107(2), a certified copy of Initiative 2015-2016 #24 and a certified copy of the Motion for Rehearing and the Board’s rulings thereon is attached to this petition. Also attached are a staff draft of a proposed Title for Initiative 2015-2016 #24 and the proponents proposed Title. Attached is a hard copy of the proponents argument entered into the record at the rehearing on April 23, 2015 3:00 p.m.

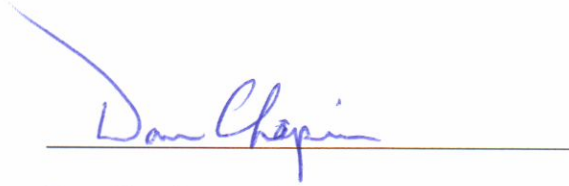

IV. RELIEF REQUESTED

Petitioner respectfully requests this Court to make an immediate ruling as required by C.R.S. 1-40-107(2) in that, “the matter shall be disposed of promptly” , find that the Initiative is in fact a single subject which has a single connected purpose and instruct the Board to set Title for the Initiative without further filings or briefs. Further, instruct the Board to set Title at the earliest time possible for the parties involved. Proponents feel there is sufficient evidence in the audio recordings of the Secretary of State Archive of Meetings and Hearings for the Initiative to be found to consist of a single subject. Specifically the recordings of “Title Board – April 15, 2015 – 1:00 p.m.” and “Title Board – April 23, 2015 – 3:00 p.m.”.

Petitioner feels those recordings will clearly show that not only did the proponents sufficiently provide legal justification supporting the Initiative be recognized as a single subject, but that the Board failed to provide a single valid legal argument against the Initiative let alone establishing beyond a reasonable doubt the unconstitutionality of the Initiative as required by *Lamm v. Barber* 565 P.2d 538,546.

In the alternative, Petitioner requests this Court resolve this matter in the most timely fashion possible and set a timetable which can be accomplished in a couple of weeks. Without any valid legal justification for voting the Initiative was not a single subject, it is apparent the Board is attempting to “run out the clock” on this Initiative and leave the proponents without sufficient time to collect the necessary signatures on petitions. As a pro se party the Petitioner would be the party that would be most disadvantaged by any shortened time frame, as it is apparent the Board has access to multiple legal sources. Petitioner accepts this possible disadvantage in exchange for the added benefit of additional time to raise the sufficient number of signatures to place the Initiative on the ballot this year, so that it can benefit Colorado citizens in the coming elections next year.

MOTION FOR REHEARING

IN RE TITLE-SETTING OF INITIATIVE 2015-2016 #24

Proponents Dan Chapin and Ryan Chapin hereby request a rehearing and reconsideration of the decision of the Title Board on April 15, 2015 to not set title for Initiative 2015-2016 #24 (Elector Bill of Rights), which would amend the Colorado constitution.

The Title Board incorrectly voted that Initiative #24 was not a single subject. This is contrary to past actions of the board and to past decisions of the Supreme Court. The board did not act in a fair and equitable manner in regards to Initiative #24 and failed to apply judicial decisions construing the constitutional single-subject requirement as required by statute.

Initiative #24 is a single subject as all matters encompassed are properly and necessarily connect to each other. Further, the items in the Initiative are dependent and connected with each other to serve or accomplish a single purpose.

For these reasons and others we are requesting the board to rehear and properly set the title for Initiative #24.

WHEREFORE, proponents Dan Chapin and Ryan Chapin respectfully request a rehearing and reconsideration of the decision of the Title Board on April 15, 2015, for Initiative 2015-2016 #24.

To this end all such issues or contests must be deemed in the public interest of Colorado and Coloradans in order to receive special consideration or public support. Furthermore, the State of Colorado and all its officials and elected representatives at any level shall strive to ensure all possible legal electors are treated as fairly and have as equal voice in all issues or contests concerning elections as possible. Once transferred to that specific account no funds shall be transferred back to the candidate or committee without the written approval of the Secretary of State.

If the candidate or committee was not notified by the elector, they may file a complaint with the Secretary of State. If the Secretary of State finds the elector did such to harass, damage, or cause undue duress to the candidate or committee then the elector shall be fined an amount not less than 10 times the prevailing minimum wage nor more than 1000 times the prevailing minimum wage for each instance.
- (4) Any elector who has exceeded the limits or violated any subsection of this Section 6 will cause any candidate or committee that accepts a contribution, loan, or other monetary support after the date they have exceeded those limits to be deemed Not in the Interest and they shall remain such until they have cured the deficiency.
- (5) The candidate or committee to cure a deficiency in accepting a contribution that would cause them to be deemed Not in the Interest shall return the elector or electors contributions which caused the deficiency to the Secretary of State.  - (d) On the third occurrence of a claim of error, miscommunication, or accident the candidate or issue committees, Colorado political action committees, or campaign committees shall not be eligible to be deemed In the Interest of Colorado and

- (4) Every candidate or issue committee, Colorado political action committee, or campaign committee shall have a fair opportunity to respond to any statement, accusation, or claim made during an election cycle up to election day. There shall be a grace period for the electors to evaluate each candidate or issue without the potential to introduce false rhetoric, deception, propaganda, or unsubstantiated statements and claims without the opportunity to respond.
 - (a) All mass media advertising shall cease 5 days prior to election day, Open public debates may continue up to 2 days prior to election day.
- (5) A committee not complying with these openness and accountability requirements, outside of reasonable curable error, shall be deemed Not in the Interest and subject to all taxing requirements.

Section 14. Colorado Public Fact Check.

- (1) It is in the best interests of electors if there is a reliable source for checking the truthfulness

and accuracy of statements made in Colorado elections and campaigns. To this end the Colorado legislature is encouraged to create a Colorado Public Fact Check organization to determine the accuracy, truthfulness, and reliability of statements or claims made by candidates, and committees.

- (2) In the absence of or in addition to a Colorado Public Fact Check (CPFC) organization created by the Colorado legislature this article may create such an organization under the following conditions:
- (a) The CPFC shall be formed by Colorado publicly funded Universities and Colleges.
 - (b) All Universities and Colleges will voluntarily participate at their discretion.
 - (c) Each University or College shall have the right to designate up to 3 volunteer members to serve on the CPFC. These volunteers shall be drawn from the educational staff and shall not include administration. It is encouraged that volunteers should include representation from Ethics, Journalism, and Science departments.
 - (d) CPFC shall accept requests from candidates and committees for review. They may also review issues, statements, or claims submitted by members or participating Universities and Colleges.
 - (e) Each requested or accepted review shall be reviewed by a minimum of 9 members.
 - (f) The members may determine if anything reviewed is misleading, deceptive, substantially true or untrue, or true or untrue.
 - (g) The findings of the CPFC shall be posted by the Secretary of State on a publicly accessible website.
 - (h) The members of CPFC shall determine the rules, requirements, and other conditions that they will operate under. These operational guidelines shall be defined or renewed for each election cycle.
 - (i) The CPFC shall operate in an open and nonpartisan manner and all reviews and decisions shall have the facts, figures, and findings used in determination publicly available.
 - (j) The CPFC members shall have the right to require a participating University or College to replace any member that is determined to be biased, partisan, abusive, or disruptive by a super majority vote.
 - (k) The CPFC shall operate in a factual and verifiable manner. Opinions, emotional appeals, beliefs not based in fact shall be discouraged.
 - (l) Any University or College shall have the right to initiate the CPFC any time after the effective date of this article.
 - (m) No Colorado public University or College shall be excluded from participation.
 - (n) If there are not enough participating Universities or Colleges to supply the minimum of 9 members required for review then those Universities or Colleges choosing to participate shall have the right to add additional members on an equal basis until at least a minimum of 9 members are designated.

Section 15. Conflicting provisions declared inapplicable.

Any provisions in the statutes of this state in conflict or inconsistent with this article are hereby declared to be inapplicable to the matters covered and provided for in this article.

Section 16. Applicability and effective date.

The provisions of this article shall take effect on January 1, 2016 and be applicable thereafter. Legislation may be enacted to facilitate the operation of this article, but in no way shall such legislation limit or

restrict the provisions of this article or the powers herein granted.

Section 17. Severability.

If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the article which can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.
