The Court has read the Defendant's Motion to Seal Conviction Records, examined the record, reviewed the Governor's full and unconditional pardon and, if applicable, considered any evidence presented at a hearing and any objections or responses filed in opposition to the Motion.

2. Findings & Order

The Court hereby finds that it is appropriate to grant the Motion pursuant to C.R.S. § 24-72-710. The Court has not found by clear and convincing evidence that the public interest in retaining public access to the conviction records outweighs the harm to the privacy of the Defendant, the dangers of warranted, adverse consequences to the Defendant, and the intent of the full and unconditional pardon.

The Court orders that the criminal records information specifically relating to and contained in this case, and:

Law Enforcement Agency case numbers: _____

be sealed immediately, except for basic identifying information, and that upon inquiry in the matter, the person in interest and criminal justice agencies to which this Order is directed may properly reply that public conviction records do not exist with respect to the defendant.

The Court directs the above order to the Clerk of Court to seal this case.

Defendant must provide a copy of this Order to the Colorado Bureau of Investigation and every custodian of the records sealed by this Order. *(Note - The Colorado Bureau of Investigation assesses a fee to seal its records.)*
