Key: *Successful Terminations*: This number includes the state successful terminations.

Unsuccessful Terminations: This column includes revocations and absconsions. A revocation is defined as a termination from probation supervision for a technical violation, new misdemeanor, or new felony. A revocation to Community Corrections is NOT included in this section. These offenders are not included on this table as they are still under the supervision and jurisdiction of probation. Absconsion refers to probationers who become fugitives and are no longer compliant with probation supervision.

Total Terminations: In this table only, the total terminations include: revocations, absconsions and successful terminations from probation supervision. Additional types of probation discharges are included in Table 86.

Note: Percentages may not total 100 percent because of rounding.
