Trump Attorney **Sidney Powell** joined **Eric Bolling** on Sunday to discuss the massive voter fraud the campaign is investigating via the Dominion voting machines.

**During their discussion Sidney Powell explained what the Trump campaign has found in their investigation of Dominion machines.**

The Gateway Pundit was first to report on the statistically impossible patterns found in the voting results in Pennsylvania.

Since that time we have discovered a **similar pattern in Wisconsin** and Dr. Shiva **found a similar pattern** in Michigan.

**Sidney Powell:** *They can watch the voting real time. They can run a computer algorithm on it as needed to either flip votes, take votes out or alter the votes to make a candidate win... **It's massive criminal voter fraud, writ large across at least 29 states...** It's obvious the algorithm and the statistics that our experts are tracking out are batches of votes and when the votes changed. **It's going to blow the mind of everyone in this country** when we can get it all together and can explain it with the affidavits and the experts that have come forward.*
