1	MICHELLE MALKIN: Hey, everyone. Happy Friday.	1	So these journalists started attacking me, they
2	It is the Friday edition of #MalkinLive, and as I have	2	started attacking John "Tig" Tiegen, who obviously is
3	been doing since the day after election day, I'm bringing	3	he's an American hero
4	you information that is so vital to understanding the	4	MICHELLE MALKIN: Yes.
5	systemic stealing of our election, and this particular	5	JOSEPH OLTMANN: and basically slandering him
6	angle, the Dominion Voting Systems angle, many of you have	6	everywhere, and so I wanted to know why. Like why would
7	been seeing a lot of information out there. It has made	7	journalists actually come after someone as significant as
8	its way up to President Trump, Rudy Giuliani. I think	8	Tig, in this environment?
9	there was one segment on Fox News about this.	9	So I set out to uncover Antifa within the
10	But there is a specific avenue of this story that	10	journalist community. So that's how it actually started
11	I'm going to delve into with an entrepreneur,	11	and that's where this journey started.
12	philanthropist and political activist Joe Oltmann, who's	12	So if you go back in time to the week of the 27th
13	right here in my adopted home state of Colorado, and	13	of September or thereabouts, right
14	Colorado is one of the places that Dominion actually has a	14	MICHELLE MALKIN: Mm-hmm.
15	corporate headquarters office, and let me bring him in	15	JOSEPH OLTMANN: I was out, just infiltrating
16	right now.	16	Antifa, I'll just tell you, I just used I run a tech
17	Hey, Joe.	17	company, obviously I'm right of center, I'm a
18	JOSEPH OLTMANN: Hey, how you doing?	18	constitutional and conservative Christian. I wanted to
19	Thanks for having me, Michelle.	19	know what we were really dealing with.
20	MICHELLE MALKIN: Wow, you are on Twitter, even	20	So I got on this call, and in this call you hear
21	though you're not on Twitter right now.	21	all this fascist, fascist, fascist, fascist, all this
22	JOSEPH OLTMANN: Yeah, yeah.	22	stuff that's kind of going on and going back and forth.
23	MICHELLE MALKIN: We're live streaming on	23	It's like a swirling of rhetoric.
24	Periscope and YouTube and Facebook, and so far I've	24	It's unbelievable how they speak to each other,
25	experienced a limited amount of throttling as $\ensuremath{\texttt{I}}\xspace^{-1}$ ve brought	25	by the way, okay? It's you know, I don't think that
1	$\begin{array}{c} Page \ 3 \\ \text{stories from independent citizen journalists and GOP poll} \end{array}$	1	Page 5 they even understand how much they sound like Chicken
2	watchers who have eyewitness accounts of the fraud that's	2	Little, and so I listened for awhile and then somebody
3	going on.	3	named Eric came on and started started talking, and so
4	You were zapped last night by Twitter, and so I	4	he's talking about what they need to do next, they need to
5	wanted to let you use this platform to explain what you've $% \left({{{\left[{{{\left[{{{\left[{{{c_1}}} \right]}} \right]}_{\rm{cl}}}}} \right]_{\rm{cl}}}} \right)$	5	make sure that you hold on to, you know, fortify and that
6	discovered about Dominion, and one figure, very key figure	6	we need to you know, add constant pressure, and so on
7	in particular, and then get your thoughts on the	7	and so forth.
8	deplatforming and censorship that's going on on people who	8	And so as he starts to talk, someone says, who's
9	are telling the truth.	9	Eric? And then someone answers, Eric is the Dominion guy.
10	JOSEPH OLTMANN: Yeah. So it's really actually a	10	So obviously I'm taking notes, right? And I'm a
11	scary thing, because when I started this process of	11	copious note taker. So I took these notes and I had ${\rm Eric},$
12	looking into voter fraud, I never started it, right?	12	Dominion, and then we're in Denver, Colorado, because
13	It's like I set out and said, hey, listen, I	13	they're talking about Denver, they're talking about
14	really want to find out what's going on with Dominion.	14	Colorado Springs. But I wasn't really focused on him.
15	Dominion wasn't even on my radar.	15	So then Eric responds, you know, keeps speaking
16	If you go back in time, I was you know, I	16	and then someone interrupts and says, what are we going to
17	started an organization called FEC United, that stands for	17	do if F'ing Trump wins? And he responds with, and I'm
18	faith, education and commerce, and this just came out of	18	going to paraphrase this because obviously I didn't write
19	what we're seeing happen not only in Colorado but across	19	exactly what he wrote, right? Is, don't worry about the
20	the country, where they strip away Constitutional rights.	20	election. Trump is not going to win, I made F'ing sure of
21	Now prior to that, I remained relatively silent	21	that, ha-ha-ha, right? And then somebody responded, F'ing
22	or at least with my name personally in the space of just,	22	right, right? So sorry, I'm not going to cuss on your
23	you know, pursuing and making sure that we have	23	podcast.
24	constitutional integrity in this country, but they started	24	MICHELLE MALKIN: Yeah, that's okay.
25	attacking me.	25	JOSEPH OLTMANN: Just not going to do it.

1	So Eric continues with the fortifying of the	1	journalists, right? So then I got calls from journalists
2	groups and recruiting and, you know, he's very eccentric	2	everywhere and I go, that's not what I said. I can send
3	and boisterous. A lot of hubris, right?	3	it to you, but that's not what I said.
4	They just don't understand that, you know, that	4	MICHELLE MALKIN: Yeah.
5	there's not a lot of security in what they talk for \ensuremath{me}	5	JOSEPH OLTMANN: And typical Antifa style, they
6	to get involved in that conversation and get on that	6	create more rhetoric, right? More lies about people and
7	conference is telling, right?	7	frankly, I've been undeterred, right?
8	So then I went away and I did my research and I	8	So fast forward
9	was able to uncover 13 Antifa journalists, not just	9	MICHELLE MALKIN: You know, it is a very
10	through that call but through other things, and so I did	10	deliberate gaslighting campaign.
11	the research on Eric. And so it was really simple, this	11	JOSEPH OLITMANN: Hundred percent.
12	is what I did, right? I put in "Eric" into a Google	12	MICHELLE MALKIN: Yeah.
13	search, "Eric, Dominion, Denver, Colorado." Not very	13	JOSEPH OLIMANN: And frankly, it is a conspiracy.
14	clever, right? That's how it all started.	14	It's not a conspiracy theory, it's a conspiracy,
15	And it came up with this gentleman named Eric	15	when people come together and actually do things to harm
16	Coomer. So Eric Coomer is the director of strategy and	16	our country, right?
17	security at Dominion Voting Systems.	17	MICHELLE MALKIN: Yes.
18	And so I did a little research more on him, got	18	JOSEPH OLITMANN: And 2020, you couldn't have
19	his backstory, he has a PhD in nuclear physics and seems	19	written this in a hundred years, but Orwell did back with
20	like a really, really smart guy. Has a vast history in	20	1984, right? He wrote this, he told us what was going to
21	coding.	21	happen and it's happening, right?
22	I did some research on, you know, some of the	22	So but as fast forward to Friday, right, after
23	patents that he holds and election stuff, but it didn't	23	the election I went to bed thinking, all right, Trump's
24	make sense to me that that would be him, right?	24	got this, he's winning, right? I went to an election
25	So I set it aside and said, oh, this guy must	25	party. Everything looked good, statistically speaking.
1	Page 7 work for, you know, CIA, FBI someone else. Someone's got	1	Page 9 It didn't align with what I thought he would win
2	to know who this guy is, right?	2	by, so I thought it would be 331 electoral votes that he
3	And so the further I got into this, this kind of	3	would win by. I did actually predict a landslide because
4	circle, this kind of mulling, the less I was inclined to	4	I have access to data all over the country, right?
5	think that he was very important. I didn't know Dominion	5	Now I predicted that he'd win in 2016. I did.
6	was in multiple states. I didn't follow the whole	6	And I was right. I showed up at the GOP event in Colorado
7	election system, right? Shame on me, and shame on the	7	and I was like high-fiving people and they're like, oh,
8	rest of America for not paying attention to this too.	8	we're going to have Hillary Clinton and I was like, no,
9	MICHELLE MALKIN: Yeah.	9	we're not. We are not going to have Hillary Clinton.
10	JOSEPH OLTMANN: So then I got on a it was	10	And so, you know, I remember this ingrained in my
11	October 15th. I spoke at the FEC United meeting at	11	head, but on Friday I get a text message and a call from a
12	Bandimere Speedway. We had a recording that Eric Trump	12	friend of mine and he sends me this thing on this article
13	did for FEC actually for Tammy Bandimere already, he	13	in Georgia that talked about the electronic glitches and
14	mentioned FEC United. It was a great night, we had a lot	14	the fact that they did an update in the middle of the
15	of people there.	15	election day.
16	But at that meeting, I called out the journalists	16	And so I normally I don't read the articles,
17	that work for Antifa and I said very clearly, we're coming	17	I'm just going to tell you, I get three to 400 emails a
18	for you. If you want to write bad things about us because	18	day and I don't have time. I don't have time to go
19	you're Antifa, we're coming for you. I'm going to make	19	through every email or every text message. It pisses
20	sure everyone knows who you are, right? And by the way, $\ensuremath{\mathtt{I}}$	20	people off but frankly, I'm just really busy. I have lots
21	run a data company, so good luck to you, right?	21	of things going on, as you do, right?
1 22	MICHELLE MALKIN: Yeah.	22	MICHELLE MALKIN: Yeah, a little. Yeah.
22		23	JOSEPH OLTMANN: So he sends it to me, I started
22	JOSEPH OLIMANN: So from there they started	25	
	JOSEPH OLIMANN: So from there they started again, the same, you know, characters started then	24	reading it and Eric Coomer's name pops up inside of the
23	-

1	And so while I'm sitting on the couch, I'm	1	some of these up, we actually have people's name on the
2	supposed to I'm going elk hunting in the morning,	2	bottom, in the comments. I think we have to gray those
3	right? I'm sorry if people that listen to you don't hunt.	3	out.
4	I do hunt. I eat food.	4	MICHELLE MALKIN: Gotcha.
5	MICHELLE MALKIN: My people hunt.	5	JOSEPH OLTMANN: But he started putting up some
6	JOSEPH OLTMANN: Okay, all right.	6	pretty crazy stuff. So if you'll go to so you can kind
7	So I sat down and walked through all the	7	of show this to your audience, if you go to Capture 20 and
8	information I could collect very quickly on my phone about	8	so they can actually see this, this is something he put up
9	Eric Coomer because I remembered that and I went back	9	on the 20th or excuse me the 31st of May.
10	through my notes and I was like, all right, this can't be	10	MICHELLE MALKIN: This is Capture 20, you want me
11	it can't be the same guy.	11	to put up?
12	So I started going through everything. I mean, I	12	JOSEPH OLIMANN: Capture 20, yes.
13	went through every state that Dominion's in, all the	13	MICHELLE MALKIN: Okay, hold on.
14	things that came up on Eric Coomer, I went through	14	And by the way, can you just repeat to people
15	scraping data on stuff like Reddit handles and Twitter	15	what his position was with Dominion.
16	handles and 4Chan and I wanted to just gather all the	16	JOSEPH OLTMANN: Actually, so his position,
17	information dating back to early 2000 for Eric Coomer and	17	depending on where you go, is the vice president of
18	the deeper I got into it, the worse it got, right?	18	security, vice president of strategy. Then through the
19	Because he had his fingerprints everywhere.	19	election process over the last 12 months, it's gone to now
20	Now again, I didn't have information to show that	20	he's not the director of now he's the director of
21	he was an anti-Trump or had anti-Trump sentiment yet. I	21	strategy and security but Michelle, what if I told you
22	wasn't there yet. I just had enough information to show	22	that he's actually a major shareholder? Yeah, he is.
23	that this is a single cog on the wheel that has his name	23	MICHELLE MALKIN: Jaw drop, floor.
24	in every state.	24	JOSEPH OLTMANN: What if I told you that he owns
25	Now if Dominion Voting Systems, if he's the	25	the patents in other that are actually associated with

2	So and by the way, if you look at some of the patents	2	that are actually taking care of the states?
3	he's written, which I did, I dove into that, or that he's	3	Remember that the reason why we have state

7	all this stuff came out so I was retweeting that and	7	and 2500 likes and people are still trying to find it and
8	then all of a sudden someone was attacking Tig, and so I	8	find out what happened, but they can find you on Parler

20	MICHELLE MALKIN: Yeah.	20	Is that your experience as well?
21	JOSEPH OLTMANN: I didn't violate any laws there	21	JOSEPH OLTMANN: Yeah, yes. So I think the
22	either, right? But if you go to the Colorado Springs	22	problem with conservatives, people that are
23	Antifa page on Twitter, they have it their moniker at	23	constitutionally centered, is that we eat our own. That
24	the top says doxing, right? You know, people get doxing.	24	our our ambitions become greater than the ambitions of

2	MICHELLE MALKIN: Yes.	2	danger of that is that we can't ever get along long enough
3	JOSEPH OLIMANN: What does that tell you about	3	to actually make progress.
4	Twitter? What does that tell you about their leadership?	4	And so the left is a very weak and ineffectual
5	What does that tell you about their organization?	5	voice, but collectively they become an effectual voice.
6	Twitter is Antifa.	6	They've infiltrated our education, they've
7	MICHELLE MALKIN: Yes.	7	infiltrated, you know, our technology and media. And
8	JOSEPH OLTMANN: You can say whatever you want,	8	when I say "infiltrated," they had a plan. They've been
9	but they are Antifa.	9	planning this for 25 years and what conservatives fail to
10	So yeah, I can't get to my messages, I can't get	10	do, is we fail to plan. We wake up every three-and-a-half

12	attorneys this morning. And the bad thing about me is	12	this election. Ooh. So we wonder why we keep losing in
13	that I will burn cash at an alarming rate to hold people	13	certain key environments. We're not in technology. So
14	responsible, right? And I've got an army of 90,000 or so	14	I'm in technology and I'm a conservative but I'm one of
15	people in Colorado that are part of FEC we did that in	15	the rare ones that speaks up in this environment.

17	behind me and help us fund something that goes after	17	create a law and policy center, that we could actually
18	Twitter.	18	have teeth in what we do, that we could fatigue the left
19	So we're going to go after Twitter if they don't	19	individually and collectively by pointing out things that
20	turn it you know, reverse it. And who knows if they	20	they do that are unconstitutional.
21	will, right? They think they have the same hubris that	21	Now, faith is you saw through this pandemic in
