Sidney,

This is the screenshots of Eric Coomer in Mongolia in 2012. He was showing them how to use the machines and signing contracts. They had massive issues (Mongolian officials words not mine) in the 2012 election. They had other issues in 2017 and again in 2020. Frankly from a source that I have not verified at all, they stated that they had issues with every election and are walking away from Dominion. They also said something about funding from a source such as the IMF or some other global organization. That may or may not be important but what is important is that Eric Coomer's fingerprints are in every state, and seemingly every nation that Dominion is in for voting.

Please confirm receipt.

Warm regards,

Joe

These links are from Mongolia. These pictures attached are from Eric while he was in Mongolia meeting with the leadership there. I think you should have the conversation with them as well.
