Dylan is checked in and will arrive in durango at 513. Please let me know that you will be there. We are moving to monument now but send anything to florence. Please do not send anything or contact my place of employment as it put my last job in jepordy and there's no reason for you to contact me at work. You have my address and phone number.

I am aware and have told dylan..I hope you all will be able to do something while he's there as he's not real thrilled about the idea of sitting around your house.

I am working on getting the paperwork in for support but the money in his account is for him I thought and not support. Feel free to send money to help support him though that would be great.

By now you should have received Dylan's flight itinerary. As you know Dylan has failed to respond to all my communication attempts so I will have to rely on you to inform him of his travel. Also, since you have failed to address any support issues you may have I expect all his needs are being addressed. So all the monies in his personal account are not needed.
