<p>AMENDED ADMINISTRATIVE ORDER 2021-10</p>	

On October 20, 2021 Larimer County Department of Health and Environment will require masking in all indoor spaces with minor exceptions. This is in response to the increased hospitalizations and to prevent the further spread and impact of the COVID virus.

The Courts continue to work diligently in conjunction with the Larimer County Department of Health and Environment during the pandemic to maintain critical operations and proceedings while focused on health and safety. The Courts and Probation must continue to offer access to justice while maintaining the health and safety of the community. Pursuant to the authority granted in Chief Justice Directive 95-01, all persons in the Court and Probation buildings in Larimer County shall be required to wear face coverings until further notice.

Exceptions to the masking requirement are as follows:

- i. Children under the age of three;
- ii. Those individuals who have medical conditions which make wearing a mask or covering a risk to their health or that will interfere with their breathing;
- iii. People who are giving a speech for broadcast or audience including testimony and interpretation (however the mask must be worn when not speaking); or
- iv. Employees who are in a closed room or office without others or seated in the cubicle alone and distanced from other employees or the public.

The Courts will continue to closely monitor new information and follow recommendations from the Larimer County Department of Health and Environment. Further modifications to this Order may be issued as circumstances require.

Dated this 20th day of October, 2021.
