Dear Judge Hartmann:

Please find enclosed the Petition regarding the "Hutton Law Suit", which was circulated to the residents of Kit Carson, and Yuma Counties. Enclosed are over 470 signatures opposing the Trustee's inadequate management of the Hutton Foundation, along with comments from the residents of the Eastern Plains regarding the attempt to solely defy the wishes of Mr. Hutton, and the Trustee's endeavor to "get rich" by overturning Senate Bill 52.

I am requesting that you add this Petition to your Court file, and review prior to your decision regarding Senate Bill 52.

Mr. Hutton clearly specified his wishes, which are portrayed in his Articles of Incorporation, and his By-Laws of his Foundation, which are enclosed herein.

Thank you for your sincere cooperation and consideration of this Petition.

Sincerely,

Lynette Penny/Circulator of the Petition

Enclosures:

Letter to The Honorable Judge Hartman; Signature list; Comments of signees; Articles of Incorporation of Hutton Foundation; By-Laws of Hutton Foundation

To: The Honorable James F. Hartmann

Water Judge, Water Division No. 1

Case No. 15CW3018; District Court of Weld County, State of Colorado, Water Division No.1

In an effort to save our communities from having 4500 wells shut down, and allow the Hutton Farm which is currently and has been under a Conservation Easement since 2002, put in place by Mr. Hutton, we are protesting the efforts of the Hutton Foundation, as attempts are made to invalidate and countervail the specific wishes of Mr. Hutton, which was executed in 2002, as specifically addressed in Mr. Hutton's Articles of Incorporation and Bylaws of the Foundation he created prior to his death.

We the undersigned, also protest the clear fact that the Hutton Foundation is not abiding by the recommendations of the Board of Directors on the Foundation, but merely "doing it's own thing", and forcing board members to resign their positions.

Furthermore, we protest the fact that the Foundation is now requesting the Hutton Land be brought out of the Conservation Easement so as to provide a place for "Boy Scouts" to Camp. This is but another ploy to undermine Mr. Hutton's wishes, as the Department of Wildlife currently uses the land for hunting. The Foundation is attempting to turn over every stone to forego Mr. Hutton's wishes, so it can make money, by forcing us to either pay him \$9,000,000.00 or be forced to turn our wells off. This is with FULL knowledge that Mr. Hutton NEVER irrigated his land, and was intent on leaving it in it's natural state by placing it into the Conservation Easement, and recognizing such by the development of his personal Hutton Foundation to be preserved.

We the undersigned also voice our disapproval against the Foundation leaders and their endeavors to yield over 9 million dollars from residents of Kit Carson and Yuma Counties while it has spent over 1.5 million dollars of Mr. Hutton's Foundation

monies on legal fees to overturn the Foundation's wishes. It is fair to say that certainly the duties of a Trustee and the ability to be honorable to the deceased and his wishes is questionable in this issue.

It is still to be determined as to whether Mr. Hutton's wishes have been honored by being so generous to abide by giving out a "Grant" or "Scholarship" as requested by Mr. Hutton, or has the Foundation and it's directors simply made "LOANS" to aspiring nursing students with full intention of repayment of such loans with interest of 4% to 5%, thereby earning monies which the Foundation has now spent on legal fees from such loans, and depleting the Foundation.

As community members, and in keeping with the wishes of Mr. Hutton, we are requesting a FULL DISCLOSURE of funds ascertained by the Foundation, it's expenditures, credits and debits, along with the minutes of all Foundation meetings, to ensure proper handling of the Hutton Foundation and it's members.

WE THE UNDERSIGNED FULLY OBJECT TO THE ATTEMPT BY THE HUTTON FOUNDATION AND IT'S MEMBERS TO OVERTURN SENATE BILL 52 IN IT'S ENTIRETY, ALONG WITH THEIR ATTEMPT TO SHUT DOWN OUR WATER SOURCE IN KIT CARSON AND YUMA COUNTIES, COLORADO

eric shumar	greeley, CO	2015-10-24	I love water!
Nathan Weathers	Yuma, CO	2015-10-25	Irrigated agriculture is vital to Northeastern Colorado! The overturning of Senate Bill 52 would be disastrous to our basin and all of what we have been able to accomplish toward compact compliance. Please do what you can to help keep this statute in place!!
Sherri Ramseier	Idalia, CO	2015-10-25	Our families livelihood, and our future depend on the outcome of this case. The permanent damage caused by the overturning of HB-52 would,have repercussions of catastrophic proportions. Not only for those involved in agriculture, but every man woman and child in this area. We chose this life. We raised our children here.
Laura Raymond	Castle Rock, CO	2015-10-25	I'm signing because I grew up in Idalia and my parents still live there. Idalia is about helping your neighbor not stepping on them to further yourself.

Pam Fox	Minneapolis, MN	2015-10-25	I'm signing this petition because I grew up in Idalia and my family farms there. There are too many families and essentially communities and schools that rely on farming. Taking crucial water from these communities is sheer ludicrous. Please don't jeopardize these communities!

KAREN HOLTMAN	KIRK, CO	2015-10-25	What the Hutton foundation is trying to do is WRONG!!
Cory McCaffrey	Flagler, CO	2015-10-25	Not going to say who is right or wrong, I just know which side will affect my farming operation. And I'll do anything to protect my community and my family's future in eastern Colorado.
Abby Springer	Denver, CO	2015-10-25	I'm signing because I was born and raised in Eastern Colorado and I believe in protecting farmers and rancher's way of life.
Kara Stevens	Burlington, CO	2015-10-25	I am one of those students that was given educational money from the JHEF. It was contracted by Jerry Gross as a repayment loan with interest and not a grant or scholarship.
Jessica Andrews	Idalia, CO	2015-10-25	The Hutton Foundation is run by nothing but greedy crooks who are more concerned about their pocket books then the well being of their community. The very structure of the foundation is unlawful and their assertions unfounded!
Scott Dove	Burlington, CO	2015-10-25	Farmers should have the chance to make a better life for themselves, and this bill would prevent them from doing so.
Janine Errick	Monument, CO	2015-10-25	I grew up in Eastern Colorado and have friends that live there. We need to preserve the farmer!
beth wellbrock	Frederick, CO	2015-10-25	I grew up in this area. ..means a great deal to me. .
Scott D	Keenesburg, CO	2015-10-25	Water is a right to all farmers and ranchers....and shall not be with held by any man for profit.
Christine Pimentel	Burlington, CO	2015-10-25	We pay for our water so we should be able to drink it and should be safe not harmful for all people and animals and crops
Nicole Mares	Thornton, CO	2015-10-25	I'm signing because I grew up in Idalia and hope to someday move back and raise my children there. It is such a rich and vibrant community that we sometimes take for granted. I am the person I am because of that little community that raised me. If anything ever happened to it many many people would be devastated. Life in that small town is simple and the best kind of life there is. It would be a shame to end such beautiful, thriving communities over something like this.
Sally Lahm	Seibert, CO	2015-10-25	Of greed.
Tucker Louthan	Lexington, NE	2015-10-25	Im an irrigator in eastern colorado who is raising a family in this farming and ranching way of life. To lose this water is to lose the way I raise my family and to lose how I provide for them.
Sue Highland	Burlington, CO	2015-10-25	I want the water rights of farmers and ranchers to be protected .. They have already paid enough and lost enough with the Water Compact with Kansas and Nebraska signed back in the 30's ... They have a right to their way of life also
maxine strick	Kirk, CO	2015-10-25	I love living here and own land
Jill Whomble	Wray, CO	2015-10-25	The foundation is not doing its intended job!
kyle buffingron	Saint Francis, KS	2015-10-25	Anyone whose intentions to make immoral profits at a farmers expense needs reprimanded. Not to mention, against the wishes of the deceased. Zero class...
Dennis Davis	Wray, CO	2015-10-25	Resident of Yuma county
Rebecca Gramm	Burlington, CO	2015-10-25	My husband and my son both work in the agriculture industry. Shutting off wells can shut off our lively hood. My husbands family came to this area over 100 years ago to make a better living for themselves. We have invested interest here. Shutting off wells will force people to leave and find jobs elsewhere leaving their family heritage, the jobs they love, and a community that has been here for many years.

John Kalb	Indianapolis, IN	2015-10-25	This is not right and although I now live in a different state, Kit Carson county is where I was raised and the people there are family. This is NOT the last wishes of Mr. Hutton.

Cody Gay	Burlington, CO	2015-10-26	I'm signing because out of 4500 wells only a handful of them are located close enough to the river to pull any kind of water from it. I believe that only wells within a 1-2 mile radius would be able to have any affect. The foundation board members are only after money and are willing to destroy the economies of their communities to get it.

Name	Location	Date	Comment
Ashton Carter	Yuma, CO	2015-10-29	I have a ground well, and I don't want to lose the water that I use, even though the rightful owners of the surface water have the senior rights to it. Regardless of the fact that SB 52 is unconstitutional in that it ignores the Prior Appropriation Clause in Colorado's Constitution and the Procedural Due Process Clause of the US Constitution, I still don't think it's fair because I want that water, and what I want matters more than the rightful and lawful owners of the water, and I deserve it. We can't keep letting this country run as a Capitalist country, we need to have a Socialist society, it works better for more of us.
Johanna Caron	Warsaw, IN	2015-10-29	I know that the livelihood of my community depends on these wells. Please do not allow them to be shut down.
HAZEL GARDNER GARDNER	Eckley, CO	2015-10-30	I AM A FARMER RANCHER IN THIS COMMUNITY AND I WANT TO RAISE MY FAMILY AND I AM OPPOSED TO WHAT THE HUTTON FOUNDATION IS TRYING TO DO.

Brandon Smith	Stratton, CO	2015-11-06	I'm signing because I am concerned about our community.
Sheri Rider	Burlington, CO	2015-11-06	Without water there will be no agriculture, and without agricultural we will not have food and jobs.
Lonny Haines	Burlington, CO	2015-11-06	I believe that the water issues reach far beyond the boundaries that have been addressed by the RRWCD and the burden should not be placed on a few counties in Colorado but more of a national recognition that we must all conserve. Especially if there is no productivity of such water use. The wells that are permitted are productive and every drop is put to a good use.
Alice Bethell	Aurora, CO	2015-11-06	I believe in our farmers
Nicole Bethell	Wiggins, CO	2015-11-06	I stand by our farmers
Lisa Schaal	Bethune, CO	2015-11-06	My husbands family owns property less than a mile from old bonnie lake. They have one irrigation well that is essential to their lives. Their dad would be very upset if they did not fight for this water. Bless his soul.
Hallie Wilks	Burlington, CO	2015-11-07	My father is a farmer in Kit Carson County
HOLLY HAMAN- MARCUM	Burlington, CO	2015-11-07	I'm a farmer's daughter, water and agricultural preservation is essential to our community, our state, our nation. Shutting down 4500 wells is a death sentence to those that feed America.
Judy Hobbie	Burlington, CO	2015-11-14	How can people do something like this to the residents of their own community just to gain financially themselves? Mr. Hutton's wishes were made clear by him and should be honored and upheld. I don't know how these people can sleep at night! Save our farmers!
Sandy Cummings	Sandy, UT	2015-11-15	Our family has operated in Yuma County for over 50 years and depend upon water for everyday consumption, gardening, crops and livestock.
			May the Court and all parties involved think about the decision they make and how it will effect the entire Communities in Northeastern Colorado.
Jessica Erker	Burlington, CO	2015-11-15	I'm signing because I would like to continue living here and raise my children in this amazing community!
