Description of the pooling arrangements required by Chapter 38, Rule 3, Section 5(B), including identity of the designated representatives.

Denver7/KMGH request to record audio and video of Ahmad Alissa's prelim hearing. We request to send a photojournalist to record from the courtroom. If this is not possible, our second request is to record audio/video of the Webex link. If we are recording in person, we would send our recordings during breaks to the other Denver stations via our shared pool line.

Certificates of Service: provide the names and contact information, including email address when available, used to serve this EMC request on the District Attorney, counsel for the Defendant and other media organizations involved in this request. Note: EMC requests will not be considered by the Court if service on the parties is incomplete.
