Description of the pooling arrangements required by [Chapter 38, Rule 3](#), Section 5(B), including identity of the designated representatives.

Requesting permission to record the in courtroom or Webex, the 2 day competency restoration hearing (9/27 and 9/28). If approved, we would feed the audio/video out to our shared pool line we have between the stations.
If EMC is approved to record, two secondary questions-
-Would it be possible to record the proceedings live using a live backpack? We could then feed the proceedings out live to the to the other stations.
-If approved to use a live backpack for live feed. would stations be able to livestream the proceedings
