

<p>TWENTY SECOND JUDICIAL DISTRICT in and for DOLORES AND MONTEZUMA COUNTIES</p> <p>STATE OF COLORADO</p>	
<p><b>ADMINISTRATIVE ORDER 2021-10 CONCERNING REQUIREMENTS FOR FACE COVERINGS DURING PRESENT COVID-19 CRISIS</b></p>	

In light of the public health risk posed by COVID-19 and the advisories from the Centers for Disease Control and the Colorado Department of Public Health and Environment (CDPHE) recommending active steps to slow the spread of the disease and precautions to reduce the risk of exposure, the 22nd Judicial District previously entered certain orders requiring the use of face coverings for all who enter the court facilities of the 22<sup>nd</sup> Judicial District.

On July 27, 2021, the Center for Disease Control (CDC) issued guidance based upon increasing concern related to the potential spread and impact of the B.1.617.2 (Delta Variant). The CDC presently recommends that all persons, both vaccinated and unvaccinated, wear face coverings in public indoor settings in areas identified as having “substantial” or “high” community transmission.

As of the date of this order, both Dolores and Montezuma Counties are in the high transmission rate category. This is in spite of the fact that some 70% of individuals over 18 years of age in Montezuma County have received at least one shot and 58% of the total population of Montezuma County have received at least one shot.

Pursuant to the authority granted in Chief Justice Directive 95-01 it is hereby ORDERED, effective August 17, 2021, as follows:

1. Persons who meet any of the below criteria are prohibited from entering the Montezuma County Combined Courts building or the Dolores County Court facility including the Courtroom and the Clerk's office and judge's chambers.

a. Anyone who has been diagnosed with COVID-19 within the last 14 days. Once 14 days have passed from the date of the person's diagnosis and so long as that person no longer exhibits symptoms of Covid-19 as set forth in subparagraph c below; the person may freely enter the facilities, subject to the other restrictions of this order.

b. Anyone who has been in direct contact with someone who has been diagnosed with COVID-19 within the past 14 days;

c. Anyone who is experiencing a fever, cough, shortness of breath, any respiratory illness symptoms, muscle aches, sore throat, a new loss of taste or smell or chills, nausea, diarrhea, or a tickle or scratchy feeling at the back of the throat. Individual judges may make exceptions to this rule if the judge is aware that the person exhibiting such symptoms was previously diagnosed as having Covid-19, if that diagnoses was completed more than 14 days prior to the date the exception is made.

2. All persons entering the Montezuma County Combined Courts building and the Dolores County Courtroom and clerk's office through public access points are subject to health screenings as a condition of entry.

a. All persons entering the Montezuma County Combined Courts Building and the Dolores County courtroom and Clerk's office through public access points will have their temperature taken by courthouse security deputies by use of a touchless infrared thermometer. Said persons will also be required to answer basic questions to determine if that person is

experiencing any of the symptoms described in paragraphs 1 (c) above or if any of the other circumstances described above in paragraphs 1. (a) and (b), apply to that person. If any person answers yes to any of the questions of if the person's temperature is above 100.4 degrees, that person will be denied entrance to the courthouse in Montezuma County or the court facilities in Dolores County, and they must leave immediately unless the judicial officer hearing the case that the person is involved in makes an exception as set out in Section 1 (c) above..

b. If any defendant who is appearing on the date of her/his court appearance is denied entry under this provision, the security deputies are to take that person's name and promptly inform the Judicial Assistants that the party appeared. The Judicial Assistants will inform the judge who is presiding over the defendant's case. The Judge will then enter such orders as are appropriate. The defendant will be instructed by security to call the clerk's office at (970) 565-1111 in Montezuma County or (970) 677-2258 in Dolores County. The Judicial Assistants will then instruct the defendant as to the results of the judge's order. Any defendant who is turned away from entry on a day that that person is scheduled to be in court before the time of day that the defendant was set will be deemed to have appeared for their case and no warrant will issue for that defendant for a failure to appear for that particular day. In such case, it is the defendant's responsibility to obtain a new court date and to appear on that new court date.

c. If any defendant who is appearing as required by probation is denied entry under this provision, the security deputies are to take that persons' name and promptly inform the probation department that the defendant appeared. The defendant will then be instructed to call the probation department at 970-565-7216 for information about a rescheduling.

d. Any other person who is due in Court as a party or as a witness who meets any of the above criteria should not come to court but instead should call (970) 565-1111 for Montezuma County cases or (970) 677-2258 for Dolores County cases to receive further instructions.

3. All persons in the Montezuma County Combined Courthouse, the Dolores County Courtroom and the Dolores County Court Clerk's office, except as set out below, must wear a face covering at all times. Any person who cannot wear a face covering for medical reasons may have contact with the Courts and probation by telephone, the US mail or by email.

b. Any person who is fully vaccinated for Covid-19, and who is in the secure non-public portions of the Montezuma County Combined Court building except as described below and the secure area of the Dolores County Clerk's office, need not wear a face covering while in said portion of the facility. This provision does not apply to any staff who is dealing directly and in person with the public including judicial assistants while they are helping persons at the clerk's window, probation staff while they are dealing directly with the public at the reception window and probation or judicial staff who are meeting with clients or the public in their individual offices.

c. A person is "fully vaccinated" for purposes of this order 14 days after they have had both doses of any two-dose vaccine for Covid-19 or the single dose of the Johnson and Johnson Covid-19 vaccine. Staff, probation officers and judicial officers who have not been fully vaccinated must wear a face covering at all times unless they are at their work station or in their private office.

d. Any person who wishes to wear a face covering may do so.

e. A face covering is a mask or other item made of cloth or paper which may be worn in such a manner as to cover the person's mouth and nose. A cloth or paper mask must be made of material that is thick enough and with a sufficient weave that when the mask is held up to the light, objects beyond it are not visible except as a shadow, through the mask. Clear plastic face shields are acceptable substitutes if they wrap around the sides of the wearer's face and extend to below the chin. The face covering must be worn correctly at all times in order to cover the nose and mouth of the wearer. Individual judges may allow or instruct persons wearing masks in their courtroom to remove them briefly if needed in the course of a hearing if the judicial officer deems it necessary to see the entire face of a witness. Witnesses who are testifying behind clear glass-like screen may remove their mask while testifying.

f. Any person who wishes to enter the Montezuma County Combined Court building or the Dolores County Courtroom for judicial business who does not have a face covering may obtain one at the security screening station in Montezuma county or at the clerk's office in Dolores County. The District will provide a mask, free of charge, to that person, so long as the District's supply lasts. The 22nd Judicial District has a limited supply of masks and when it has exhausted its supply, the requirement that the security deputies or the clerk's office hand them out will be suspended until such time as a supplemental supply is procured by the district.

g. Persons entering the Montezuma Combined Courthouse and the Dolores County Courtroom, Clerk's office and Judge's chambers when the Courts are not open (i.e. mornings before the court opens, nights and evenings after the Court closes, weekends and holidays) need not wear a mask if they are fully vaccinated.

4. Circumstances have changed rapidly and may continue to do so. The Chief Judge has the discretion to waive any provision of this order as he deems in the interest of the public and justice. The Chief Judge will continue to monitor available information and recommendations from health organizations and this order may be revised or extended, as deemed necessary. All are encouraged to regularly check the website for the Colorado Judicial Branch ([www.courts.state.co.us](http://www.courts.state.co.us)) for the latest information, including the page that is specific to the 22nd Judicial District.

APPROVED AND SIGNED this 16<sup>th</sup> day of August, 2021.
