<p style="text-align: center;">PETITION FOR REVIEW OF FINAL ACTION OF BALLOT TITLE SETTING BOARD CONCERNING PROPOSED INITIATIVE 2019- 2020 #74 (“ESTABLISHMENT OF EXPANDED LEARNING OPPORTUNITIES PROGRAM”)</p>	

Kenneth Nova (“Petitioner”), a registered elector of the State of Colorado, through undersigned counsel, respectfully petitions this Court pursuant to C.R.S. § 1-40-107(2), to review the actions of the Title Setting Board with respect to the title, ballot title, and submission clause set for Initiative 2019-2020 #74 (“Establishment of Expanded Learning Opportunities Program”).

STATEMENT OF THE CASE

A. Procedural History of Proposed Initiative 2019-2020 #74

Monica R. Colbert and Juliet Sebold (hereafter “Proponents”) proposed Initiative 2019-2020 #74 (the “Proposed Initiative”). Review and comment hearings were held before representatives of the Offices of Legislative Council and Legislative Legal Services. Thereafter, the Proponents submitted final versions of the Proposed Initiative to the Secretary of State for purposes of submission to the Title Board, of which the Secretary or his designee is a member.

A Title Board hearing was held on April 17, 2019, at which time the Board refused to set a title for 2019-2020 #74 because it violated the single subject requirement in the Colorado Constitution. On April 23, 2019, Proponents filed a Motion for Rehearing, asking the Board to find the measure contained a single subject and to address the fiscal abstract prepared for the measure. The rehearing was held on April 26, 2019, at which time the Board changed its position on the

measure's subject(s). Only then did the Board, for the first time, set a ballot title and submission clause for Initiative #74.

On April 29, Petitioner filed a Motion for Rehearing, alleging that the Board incorrectly decided the single subject issue and that its titles were misleading to voters and needed to be corrected. At its regularly scheduled May 1 hearing, held within 48 hours of the filing of Petitioner's Motion, the Board refused to accept jurisdiction over the Petitioner's Motion for Rehearing and did not address either the subject(s) of Initiative #74 or the accuracy or fairness of the titles it had set.

B. Jurisdiction

Petitioner is entitled to a review before the Colorado Supreme Court pursuant to C.R.S. § 1-40-107(2). Because his Motion was filed after the ballot title and submission clause was set, Petitioner timely filed the Motion for Rehearing with the Title Board. *See* C.R.S. § 1-40-107(1)(c). Additionally, Petitioner timely filed this Petition for Review within five days from the date of the hearing on the Motion for Rehearing. C.R.S. § 1-40-107(2).

As required by C.R.S. § 1-40-107(2), attached to this Petition for Review are certified copies of: (1) the draft, amended, and final versions of the initiatives filed by the Proponents; (2) the original ballot titles set for this measure; (3) the Motions for Rehearing filed by Proponents and Petitioner; and (4) the Board's rulings as to

its jurisdiction on the Motion for Rehearing, reflected as a note to the titles set by the Board. Petitioner believes the Title Board erred in denying jurisdiction over Petitioner's timely Motion for Rehearing. As such, this matter is properly before this Court.

GROUND FOR APPEAL

The Title Board's failure to consider Petitioner's Motion for Rehearing violated the Board's obligations imposed by the Colorado Revised Statutes. The following is an advisory list of issues to be addressed in Petitioner's brief:

Whether, after it initially refused to set titles for Initiative #74 and only did so at a later proceeding, the Title Board had jurisdiction to hear Petitioner's Motion for Rehearing, which was filed on the first business day after #74's ballot title and submission clause was set.

PRAYER FOR RELIEF

Petitioner respectfully requests that, after consideration of the parties' briefs, this Court determine that the Title Board possessed jurisdiction to hear the Motion for Rehearing filed by Petitioner and direct the Board to consider the arguments raised therein at its next meeting.

Respectfully submitted this 3rd day of May, 2019.

Summary of Measure

The measure creates the Colorado Expanded Learning Opportunities Agency (state agency) and the Colorado Expanded Learning Opportunities Program (program) in the Colorado Department of Education (CDE). The program establishes individual learning savings accounts maintained by a third-party nonprofit administrator that provide funding for parents or legal guardians to purchase out-of-school educational materials, services, or experiences for their eligible children. The measure also creates an income tax credit. The state agency and program are repealed January 1, 2031, unless the legislature acts to reauthorize.

Expanded learning opportunities agency. The state agency is created as an independent entity within the CDE to establish the program and arrange for its administration. The agency must be governed by a 7 member board of directors (agency board). The measure specifies requirements for the agency board's selection, composition, and terms of service. Board members serve without compensation, but may be reimbursed for expenses.

No later than August 1, 2020, the state agency must establish a process to select a nonprofit organization to administer the program, or create a new nonprofit corporation to take this responsibility if no existing Colorado nonprofit entity satisfies the selection criteria. The state agency is required to create and develop criteria for use by the administering nonprofit related to:

- allowable uses for funding distributed to parents or guardians from individual learning accounts;
- publication, solicitation, receipt, and evaluation of applications from potential providers of out-of-school learning experiences;
- the certification, approval, and compensation of providers of out-of-school services;
- ensuring student safety;

- establishing and managing parent-directed individual learning accounts funded through eligible contributions and other donations; and
- protocols for the rollover of unused funds.

Administering nonprofit. Subject to criteria determined by the state agency, the administering nonprofit must develop and manage the program, including individual learning accounts funded through eligible contributions. Contributions to the agency received prior to January 1, 2021, may be retained for administrative and organizational start-up purposes; the nonprofit may also seek and accept gifts, grants, or private donations for these costs. Thereafter, the nonprofit may retain up to 10 percent of eligible contributions for administrative expenses. This rate may be adjusted by the legislature in future years if necessary. The administering nonprofit must be governed by a volunteer board of directors (nonprofit board). Members of the nonprofit board receive no compensation, but may be reimbursed for expenses.

Individual learning accounts. Funding from individual learning accounts must be provided and administered by the nonprofit on a sliding scale, with the amount of funding being inversely related to the family income and financial means of an eligible student. Subject to rules adopted by the state agency, the administering nonprofit will have control over when and how funding is distributed to approved providers that parents choose.

Appropriation. For FY 2020-21, the measure requires that the General Assembly appropriate to the agency either \$2.0 million or the actual expenses incurred in establishing and operating the agency during FY 2019-20 and FY 2020-21, whichever is less. No amount of this appropriation may be used for individual learning accounts, or to fund the administering non-profit.

Income tax credit. The measure creates a state income tax credit for taxpayer monetary or in-kind contributions to the administering nonprofit. Beginning tax year 2020, a state income tax credit is allowed for 100 percent of contributions up to a fiscal year credit cap. The tax credit is nonrefundable and may be carried forward for up to three tax years. The credit is repealed effective January 1, 2031, subject to reauthorization.

The amount of the cap is initially set at \$50 million. The measure requires the Department of Revenue to track credits claimed against the cap and to disallow credits claimed after the applicable cap has been reached. If for a given fiscal year the amount of credits claimed equals or exceeds 90 percent of the cap, the cap is increased by \$50 million for the following fiscal year, up to a maximum of \$300 million.

State Revenue

The measure will reduce state revenue from income taxes to the General Fund by \$25.0 million in FY 2019-20, \$75.0 million in FY 2020-21, and \$125.0 million in FY 2021-22. Reduced state revenue is described below.

Income tax credit. The income tax credit in the measure is expected to reduce General Fund revenue by up to \$25 million in FY 2019-20 (half-year impact) and up to \$75 million in FY 2020-21. The revenue impact will increase by up to \$50 million annually until the fiscal year credit cap is increased to the maximum \$300 million in the measure, which may occur as early as FY 2025-26. The measure reduces revenue from income tax, which is subject to TABOR.

Because the measure offers a 100 percent tax credit, there is no financial cost or benefit to a taxpayer who makes a financial contribution to the administering nonprofit up to the amount of the taxpayer's income tax liability, and who is allowed to claim the tax credit. The fiscal year credit cap in the measure increases when tax credits allowed for the prior year equal at least 90 percent of that year's cap. Because future taxpayer contributions to the administering nonprofit are uncertain, timing for when the cap will increase is also uncertain. Table 2 presents the revenue reduction attributable to the measure if the maximum amount of the credit is allowed each year through FY 2026-27, when the revenue reduction is expected to stop growing. Because the revenue impact for a single tax year is accrued across two fiscal years, the revenue impact of the tax credit is not equal to the fiscal year credit cap.

Table 2
Maximum Revenue Reduction Under Initiative #74

	Revenue Reduction
FY 2019-20	(\$25.0 million)
FY 2020-21	(\$75.0 million)
FY 2021-22	(\$125.0 million)
FY 2022-23	(\$175.0 million)
FY 2023-24	(\$225.0 million)
FY 2024-25	(\$275.0 million)
FY 2025-26	(\$300.0 million)
FY 2026-27	(\$300.0 million)

Technical Note

Fiscal year credit cap. The income tax credit in the measure is subject to a fiscal year credit cap, which limits the aggregate amount of income tax credits that may reduce state income tax revenue for a given year. While the measure caps the credit on a fiscal year basis, the Department of Revenue administers income taxes on a tax year basis. This fiscal impact statement treats the fiscal year credit cap as limiting the amount of credit that can be claimed for the tax year that ends during the fiscal year for which the cap applies. If the cap is administered differently, the revenue impact of the measure may shift across fiscal years.

State Expenditures

The bill increases state expenditures by \$385,491 in FY 2019-20 (half-year impact), \$748,963 in FY 2021-22 and \$1,073,295 in FY 2021-22 and subsequent years. Expenditures are expected to continue through FY 2031-32. The measure requires the legislature to appropriate up to \$2.0 million in FY 2020-21 to pay costs in both FY 2019-20 and FY 2020-21. This analysis assumes appropriations are required from the General Fund in FY 2019-20, until the following year's appropriation is made. New state expenditures are summarized in Table 3 and described below.

* Half-year impact.

Expanded learning opportunities agency. Creating a new agency in the CDE increases expenditures to hire agency staff and make the physical arrangements necessary to launch the new enterprise, including leased space, office furniture, computers and software, telephones, and other operating expenses.

Once operational, the state agency has ongoing expenses for staff, board travel and reimbursement, and costs to contract or create a third-party nonprofit corporation, and a separate nonprofit board of directors to administer the program. This analysis assumes at least one full time state agency director and one half time support staff is required during the first year.

The agency will have costs to contract or create a nonprofit third party administrator. A preliminary estimate of this expense is \$250,000.

Department of Law. Creating a new state agency increases cost for legal services related to contracting or creating the nonprofit corporation and adopting rules for the expanded learning opportunities program. Legal services are purchased from the CDE and new agency from the Attorney General's Department of Law.

Department of Revenue. Staff are required in the DOR's Taxpayer Service Division to verify and process tax returns claiming the credit and interact with taxpayers who file incorrectly or have questions. The DOR must also program and update database fields in the GenTax software system and related reporting features to permit document access and tax statistics for the new tax policy.

Economic Impact

The measure is expected to provide expanded learning opportunities to Colorado students. Expanded learning opportunities may improve students' educational outcomes, thereby enhancing their readiness for the workplace. To the extent that the measure improves educational outcomes, it may increase employment opportunities and wage earnings for the beneficiary students. The measure is also expected to increase employment in the selected non-profit and to reduce child care expenses for parents of participating children.

The measure will reduce state revenue, reducing revenue available to fund public education, health care, human services, courts and prisons, and other government functions. This will reduce income to government employees or contractors and benefits to recipients of state services. Specific funding allocations will be made as a result of future legislative and executive decisions.

Effective Date

If approved by voters at the 2019 general election, this measure takes effect upon proclamation of the Governor, no later than 30 days after the official canvass of the vote is completed.

Abstract of Initiative 74: ESTABLISHMENT OF EXPANDED LEARNING OPPORTUNITIES PROGRAM

The abstract includes estimates of the fiscal impact of the proposed initiative. If this initiative is to be placed on the ballot, Legislative Council Staff will prepare new estimates as part of a fiscal impact statement, which includes an abstract of that information. All fiscal impact statements are available at www.ColoradoBlueBook.com and the abstract will be included in the ballot information booklet that is prepared for the initiative.

This initial fiscal estimate, prepared by the nonpartisan Director of Research of the Legislative Council as of April 16, 2019, identifies the following impacts:

State revenue. The measure will reduce state revenue from income taxes to the General Fund by \$25.0 million in FY 2019-20, \$75.0 million in FY 2020-21, and \$125.0 million in FY 2021-22.

State Expenditures. The bill increases state expenditures by \$135,491 in FY 2019-20, \$748,963 in FY 2021-22 and \$1,073,295 in FY 2021-22 and subsequent years. Expenditures are expected to continue through FY 2031-32.

Economic impact. The measure is expected to provide expanded learning opportunities to Colorado students. Expanded learning opportunities may improve students' educational outcomes, thereby enhancing their readiness for the workplace. To the extent that the measure improves educational outcomes, it may increase employment opportunities and wage earnings for the beneficiary students. The measure is also expected to increase employment in the selected non-profit and to reduce child care expenses for parents of participating children.

The measure will reduce state revenue, reducing revenue available to fund public education, health care, human services, courts and prisons, and other government functions. This will reduce income to government employees or contractors and benefits to recipients of state services. Specific funding allocations will be made as a result of future legislative and executive decisions.

BEFORE THE COLORADO BALLOT TITLE SETTING BOARD

Colorado Secretary of State

Kenneth Nova, Objector,

vs.

Juliet Sebold and Monica R. Colbert, Proponents.

MOTION FOR REHEARING ON INITIATIVE 2019-2020 #74

Kenneth Nova, registered elector of the State of Colorado, through legal counsel, Recht Kornfeld P.C., objects to the Title Board's title and ballot title and submission clause set for Initiative 2019-20 #74.

The Title Board set a title for #74 on April 26, 2019, based on Proponents' Motion for Rehearing from the April 24 hearing. Thereupon, the Board designated and fixed the following ballot title and submission clause:

Shall there be a change to the Colorado Revised Statutes creating an expanded learning opportunities program that provides out-of-school learning experiences, such as tutoring, supplemental instruction in reading, math, science, and writing, support for students with special needs, English and foreign language programs, and arts, career, or technical education training, for any child aged 3 to 18 who is eligible to attend public school in Colorado, and, in connection therewith, creating a functionally independent agency within the department of education to oversee the program and select a non-profit to administer the program; allowing a 100% income tax credit, subject to specified caps, to any taxpayer who makes a contribution to the administering non-profit to fund the program; requiring the administering non-profit to provide need-based financial aid to parent-directed individual learning accounts for participating students and to select and certify providers of such experiences; and authorizing the state to annually retain and spend state revenue exceeding the state spending limit in an amount equal to the appropriation to the agency for administrative and operational expenses?

I. The Title Board lacks jurisdiction over Initiative #74, as it violates the Constitution's single subject requirement.

The de-Brucing language found in Proposed Section 22-86.1-103(6) at p. 6 of Initiative is an unlimited exemption from TABOR and "any other law," and is bounded only by the amount

of “any appropriation” that the General Assembly makes to the agency. *See* pp. 7-8 of Initiative. The only limits on this appropriation are that the moneys cannot be used to fund individual learning accounts or administration of the non-profit organization involved.

There is no restriction on the amount of activity this agency can be assigned by the General Assembly and thus no discernible limit on the amount of money that can be exempted from revenue and spending limits under law. At minimum, there is no way for voters to know the amount of “any appropriation to the agency for the 2020-21 state fiscal year and each fiscal year thereafter” that is TABOR-exempt because of this provision.

Further, this language stands apart from the actual appropriation language in the measure. The appropriation is only specified for two fiscal years – FY 2019-2020 and FY 2020-2021. Yet, the de-Brucing language applies to FT 2020-2021 “and each fiscal year thereafter.” *Compare* Section 22-86.1-103(6) at p. 6 of Initiative and Proposed Section 22-86.1-105 at pp. 7-8 of Initiative. Thus, the measure’s exemption from spending limitations is broader than the substantive measure itself.

II. Even if the Title Board has jurisdiction, the titles set are legally flawed because they titles fail to inform voters of certain central elements of the measure or misstate those aspects of the Initiative #74.

A. The titles are silent as to central features of the measure.

1. The titles do not set forth the initiative’s specific tax credit amounts of \$50 million per year up to \$300 million but, instead, use the meaningless euphemism, “specified caps.” *See* Proposed Section 39-22-121.5(2).
2. The titles do not state that the tax credit may be claimed by “any individual, trust, estate, or corporation.” *See* Proposed Section 39-22-121.5(1).
3. The titles do not inform voters that students need not be persons “residing in Colorado” or enrolled in a public schools in Colorado, as a person is an “eligible student if he or she is “otherwise eligible for admission to public school within the state.” *See* Proposed Section 22-86.1-102(4) at p. 2 of Initiative (definition of “eligible student”).
4. The titles do not state that as much as 10% of the funds received by the administering non-profit can be used annually on its administrative costs – a figure ranging between \$5 million (when tax credit is capped at \$50 million) and \$30 million (when program has grown to its full amount). *See* Proposed Section 22-86.1-103(2)(j)(VIII) at p. 6 of Initiative.
5. The titles do not state the appointing authorities (the governor and either the Speaker or the Minority Leader of the House of Representatives) of what is

otherwise portrayed to be an “independent” agency. *See* Proposed Section 22-86.1-104(1)(a) at p. 6 of Initiative.

6. The titles do not state that parents do not control the so-called “parent-directed” individual accounts and should state that the administering nonprofit has sole control of how and when the funds are distributed to approved providers. *See* Proposed Section 22-86.1-103(2)(j)(VI) at p. 5 of Initiative (“No eligible contribution may be earmarked... for the benefit of... any individual or class of recipients”); Proposed Section 22-86.1-103(2)(f) at p. 3 of Initiative (non-profit “shall have control over when and how financial aid is distributed”).
7. The titles do not state that parents cannot direct money to the so-called “parent-directed” accounts of their own choice, given that parents are expressly restricted to contributing to the administering nonprofit, which will have sole control of the funds and funding decisions that do not benefit specific children. *See* Proposed Section 22-86.1-103(2)(j)(VI) (“No eligible contribution may be earmarked... for the benefit of... any individual or class of recipients”) at p. 5 of Initiative.
8. The titles do not state that money in a so-called “parent-directed” account is based on a “sliding scale,” which is contingent on family income and financial means of the eligible student. *See* Proposed Section 22-86.1-103(2)(f) at p. 3 of Initiative (financial aid is conditioned on “a sliding scale” which is “inversely related to the family income and financial means of an eligible student”).
9. The titles are silent on the fact that unused funds must revert – without condition or limitation on their use – to the administering non-profit. *See* Proposed Section 22-86.1-103(2)(g) at pp. 3-4 of Initiative (“Any funds in the individual learning account when the student no longer qualifies as an eligible student shall revert back to the administering non-profit”).
10. The titles do not state that certain eligible contributions, which must be sent by the administering non-profit to the agency within the Department of Education, are not specifically de-Bruced and therefore *are* subject to the State’s spending limits found in TABOR and other applicable laws. *See* Proposed Section 22-86.1-103(2)(j)(III) at p. 4 of Initiative (“Upon termination of any agreement with the agency, the administering non-profit shall remit all eligible contributions in its possession or control... to the agency”).
11. The title is misleading in referring to de-Brucing of appropriations made for “administrative and operational expenses” when the measure authorizes appropriations equaling either \$2 million or “the actual expenses incurred in *establishing* and operating the agency.” *See* Proposed Section 22-86.1-105 at pp. 7-8 of Initiative.
12. The title is also misleading by referring to de-Brucing of “administrative expenses” as such expenses are required to be paid, first, from “gifts, grants, and

donations that may be retained and spent on administrative expenses” rather than by any amount of an annual appropriation. Of this grouping of revenue sources, only “gifts” are exempt from TABOR’s definition of “fiscal year spending.” Colo. Const., art. X, sec. 20(2)(c). Thus, “grants” and “donations” that are accepted will be counted toward the spending limit. *See Proposed Section 22-86.1-103(5)* at p. 6 of Initiative.

A ballot title is invalid where it is “so general that it does not contain sufficient information to enable voters to determine intelligently whether to support or oppose the initiative.” *In re Title, Ballot Title and Submission Clause for 2015-2016 #73*, 2016 CO 24, ¶34 (Colo. 2016). This title suffers from that infirmity.

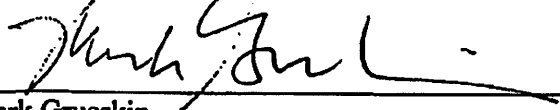

B. The titles are misleading and must be corrected in order to accurately and fairly describe this initiative.

1. The phrase, “expanded learning opportunities,” which is used to modify the word “program” in the titles, is a catch phrase. That such catch phrase is taken directly from initiative itself does not prevent the Title Board from using alternative wording to describe the program. *In re Title, Ballot Title & Submission Clause, & Summary for 1999-2000 #258(A) (“English Language in Education in Public Schools”)*, 4 P.3d 2094, 1100 (Colo. 2000) (“as rapidly and effectively as possible” was a catch phrase because it was the kind of phrase that “tips the substantive debate surrounding the issue to be submitted to the electorate”).
2. The list of some of the learning programs to be funded is misleading, given that it is non-exclusive and designed to lure voters to support the measure based on this partial list of funding objectives.
3. The terminology of “individual learning account” is inherently misleading, as it suggests a fund that is controlled by the individual, as in “individual retirement account.” *See Proposed Section 22-86.1-103(2)(j)(VI)* (“No eligible contribution may be earmarked... for the benefit of... any individual or class of recipients”) at p. 5 of Initiative. The Board is not permitted to use misleading language in the titles, even if it is found in the initiative text, if that language will “impede voter understanding.” *Id.*

WHEREFORE, the titles set April 26, 2019 should be reversed, due to the single subject violations addressed herein and corrected to address a lack of needed information and material misrepresentations about #74.

RESPECTFULLY SUBMITTED this 29th day of April, 2019.
